BioCare®

Maximise Your Immunity
Help keep infections and viruses away

FORMULATED BY Dr Marilyn Glenville PhD FOR THE NATURAL HEALTH PRACTICE

NHP the natural health practice

IMMUNE NUTRITION SUPPORT

A remarkable combination of key nutrients for optimising healthy immune function including vitamins, minerals, botanicals, mushrooms and probiotics.
Black elderberry, olive leaf, Vitamin C, D3 all contribute to the function of your immune system as well as Reishi, Maitake and Shitake mushrooms and beta-glucans.

VITAMIN C SUPPORT

Good levels of vitamin C can help reduce the length of time you might suffer from an infection or virus. This is a high-quality alkaline form of vitamin C (magnesium ascorbate) that is gentle, non-acidic and easily assimilated by your body allowing for maximum absorption and effectiveness.
Also includes bilberry to help protect your cells from damage.
